

VINTNERS' BRUNCH - BROUGHT TO YOU BY NORTH SHORE HOSPICE SUNDAY 26 JULY AT SKY CITY

Vintners' Brunch is one of Auckland's leading food and wine events. The concept was developed in Canada and Bill Spence of Matua Valley Wines obtained the rights for this event and brought it to New Zealand in 1996. Vic Williams, the very popular Food and Wine Critic, hosts the day as twelve of New Zealand's most prominent wineries are paired with twelve of

books

Shimmer

Shimmer is a remarkable account of the last days of one woman's life. Exquisitely written, it is the story of how one family came to terms with their mother's death and is also a celebration of life and the relationship between a mother and her children.

'You don't expect a book about a woman's last days in hospital to be uplifting, but Shimmer serves as a reminder that all lives, however seemingly ordinary, are precious and surprising.'

Eleanor Black, Next Magazine, March 2009
